

# POW-R SERTOMA CLUB 2026 FOOTBALL POOL

NFC and AFC Championship  
Games January 25

The POW-R Sertoma Club Football Pool will have two 5 x 5 boards – one for the AFC game and one for the NFC game.

***This is NOT a Superbowl Pool.***

Each game board will have 25 squares and require a \$100 per square donation. Each square will have four potentially winning combinations. If you have a particular square you desire, you can request it with your payment. All requests will be first come, first serve, and POW-R Sertoma Club reserves the right to assign an alternative square if needed.

Players can enter both games. If you have a particular square you desire, you can submit it with your payment. All square requests will be first come, first serve. **Players will be entered into the pool once the reservation AND payment is received.** How to enter and payment information will be provided soon.

Once pulled, a copy of the boards will be sent via email. Please include your email so when the boards are pulled, we can email them to you.

## HOW IT WORKS

John Doe has square A14 shown in the example grid (right). John has four sets of numbers.

All of John's numbers for the game are:

Visitors

1

1

0

0

Home

5

4

4

5

AFC Visiting Team							
	8	3	6	1	5		
AFC Home Team	0	A1	A2	A3	A4	A5	3
	7	A6	A7	A8	A9	A10	9
	5	A11	A12	A13	A14 John Doe	A15	4
	1	A16	A17	A18	A19	A20	8
	6	A21	A22	A23	A24	A25	2
	7	4	2	0	9		
AFC Visting Team							

Let's say the final score of the game was AFC Home Team 35 and AFC Visiting Team 31. Using the last digits of the score, John would win because his AFC Home Team last digit is a 5 and AFC Visiting Team last digit is a 1.
